

A NEW YEAR

December 27- January 2
2020-2021

Life Group Discussion

Encouragement:

Take some time to reflect on 2020 with your group.

What was really hard?

Where did you see God's hand?

What did you learn about yourself? About God?

Scripture:

[Isaiah 43:16-19](#)

God is both reminding Israel of the great work He did in freeing them from slavery in Egypt *and* telling them that His greatest work is not in the past, it is still to come! When there is no way through the deserts and wastelands, God makes a way....

Describe the wastelands of your life right now.

How do these words of prophecy in Isaiah give you hope for the future?

[John 14:6](#)

In every season, in every life, Jesus is always the answer. Heading into 2021...

What does it mean for you that Jesus is the WAY, TRUTH, LIFE?

What does it mean for the world?

Prayer:

Use the language of Isaiah 43:16-19 to pray for the hurts and the struggles of group members while also praying for them to be filled with the hope that is found only in Jesus.

Next Steps:

What step will you take toward the Lord this year? Is there a scripture to memorize, new habit to develop, a distraction to eliminate, an opportunity to give/serve.... How can this group help hold one another accountable?
